Education

The LNM Institute of Information Technology, Jaipur, India

B.Tech in Computer Science and Engineering

Current CGPA: 8.25

Aug 2024 – Present

Central Academy, Alwar, India

XII - Senior Secondary

Percentage: PCM 92%

Aug 2022 – Jun 2024

Skills

Languages: C, C++, JavaScript, TypeScript, HTML, CSS

Frameworks & Libraries: React.js, Next.js, Express.js, Node.js

Databases: MongoDB

Experience

Teaching Assistant – Data Structures and Algorithms

The LNM Institute of Information Technology, Jaipur

Jan 2026 – Present

- Assist a lab batch of over 80 students in the Data Structures and Algorithms course by guiding them on how to approach problems.

Projects

Golf Charity Subscription Platform [↗](#)

- Built a MERN-based subscription platform for golf tracking, prize draws, and charitable contributions.
- Developed role-based dashboards (Subscribers, Admins, Visitors) with JWT-based access control.
- Designed a draw engine supporting random and score-weighted prize selection with automated 40/35/25 distribution and jackpot rollover.
- Integrated Stripe for subscriptions (plans, webhooks, renewals) and implemented winner verification with admin approval.

E-Commerce Website [↗](#)

- Developed a full-stack e-commerce web application with user authentication, product listings, cart management, and order workflow.
- Implemented secure JWT-based authentication, protected routes, and role-based access for users and admins.
- Integrated features such as product filtering, responsive UI, and MongoDB-based inventory management.

Achievements

- Secured 38th rank out of 252 students in the CSE Branch at LNMIIT up to 3rd semester of B.Tech.
- Solved 200+ problems on Codeforces to enhance competitive programming and problem-solving skills.

Extracurricular Activities

- Volunteer for HackCrux 36-Hour Hackathon by GDG LNMIIT – Managed outreach and organization of event.
- Contributed to the development of the official college Tech Fest website as a member of Google Developer Group on Campus, collaborating with the team to build and maintain the site.
- Contributed to freelance web development projects, delivering client-facing solutions and gaining hands-on experience in real-world project requirements and timelines.
