Education

The LNM Institute of Information Technology, Jaipur, India

B.Tech in Computer Science and Engineering

Aug 2024 – Present

Current CGPA: 8.38

Central Academy, Alwar, India

XII - Senior Secondary

Aug 2022 – Jun 2024

Percentage: PCM 92%

Skills

Languages: C, C++, Java, Python, JavaScript, TypeScript, HTML, CSS

Frameworks & Libraries: React.js, Next.js, Express.js, Node.js, WebSockets

Databases: MongoDB, PostgreSQL, MySQL, Redis

Experience

Teaching Assistant – Data Structures and Algorithms

The LNM Institute of Information Technology, Jaipur

Jan 2026 – Apr 2026

- Assisted a lab batch of over 80 students in the Data Structures and Algorithms course by guiding them on problem-solving approaches and debugging techniques.

Projects

CodeCollab

Tech Stack: Monaco Editor, Socket.IO, Next.js, Gemini API, pgvector, Redis, Playwright

[Live](#) [GitHub](#)

- Built an **AI-powered real-time collaborative code editor** using **Socket.IO** and Next.js for room-based live editing, user presence tracking, and persistent workspace state, with a **Monaco-based workspace** supporting whiteboard drawing, in-browser terminals, and WebRTC voice/screen sharing.
- Integrated a **AI coding assistant** using the **Gemini API**, **PostgreSQL**, and **pgvector embeddings** to deliver grounded code complexity analysis, compiler error explanations, and Mermaid.js flowcharts, with **Redis** caching and **CI automation** via Vitest unit tests and Playwright E2E coverage.

ShopVerse

Tech Stack: MERN Stack, JWT, MongoDB, Express.js, React.js

[Live](#) [GitHub](#)

- Developed a **full-stack e-commerce platform** using the **MERN stack**, supporting user authentication, product catalog browsing, **cart management**, and end-to-end order workflow.
- Implemented secure **JWT-based authentication** with protected routes and **role-based access control** for customer and admin user types.
- Built **product filtering**, a responsive UI, and **MongoDB-backed inventory management** to support real-time stock updates.

Achievements

- Ranked 38th among 252 CSE undergraduate students.
- Solved 300+ problems across Codeforces and LeetCode.

Extracurricular Activities

- Volunteer for HackCrux 36-Hour Hackathon by GDG LNMIIT, managing outreach and event organization.
- Contributed to the development of the official college Tech Fest website as a member of Google Developer Group on Campus, collaborating with the team to build and maintain the site.
- Contributed to freelance web development project, delivering client-facing solutions and gaining hands-on experience in real-world project requirements and timelines.
